**Northern Natural Gas Company; Notice of Application**

October 20, 1995.

Take notice that on October 13, 1995, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124-1000, filed in Docket No. CP96-23-000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon a compressor in Stevens County, Kansas, all as more fully set forth in the application on file with the Commission and open to public inspection.

Northern proposes to abandon a compressor in Stevens County, Kansas, since it is no longer required due to changes in operating conditions, and therefore would not result in abandonment of service to any of Northern's existing shippers or producers. It is stated that there would be no adverse impact on Northern's capacity.

Any person desiring to be heard or to make any protest with reference to said application should on or before November 13, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to

intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Northern to appear or be represented at the hearing.

**Transcontinental Gas Pipe Line Corporation; Notice of Proposed Changes in FERC Gas Tariff**

October 19, 1995.

Take notice that on October 13, 1995, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, Second Revised Sheet No. 374Q, which tariff sheet is proposed to be effective September 1, 1995.

Transco states that the purpose of the instant filing is to revise Section 50.4 of the General Terms and Conditions of Transco's Volume No. 1 Tariff in order to extend certain cash out benefits to shippers transporting liquefiables

pursuant to a liquefiable transportation agreement with Transco. Currently, shippers transporting liquefiables pursuant to a liquefiable transportation agreement are subject to the provisions of Section 5.3 of Rate Schedule IT, but not subject to the provisions of Section 5.5 of Rate Schedule IT.

In this filing, Transco states that it proposes to revise Section 50.4(b) of the General Terms and Conditions to provide that a shipper's imbalance associated with transportation service provided under a liquefiable transportation agreement be aggregated with that shipper's imbalance associated with transportation service under Rate Schedule IT. These combined imbalance volumes will then be minimized in accordance with Section 5.5 of Rate Schedule IT so as to reduce the transportation volumes subject to cash out.

Transco states that it is serving copies of the instant filing to its customers, State Commissions and other interested parties.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before October 26, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
